

Auditorium

Large Cathedral-like space adjacent to the bar and main foyer. Suited for large-scale music events, exhibitions and product launches. The Turbine Hall and Platform are home to the free weekly music program, *Live Spark* and the free weekly comedy program, *Livewired*.

Total Capacity TBA

Staging

The Turbine Platform has a limited supply of staging, rigging and height safety equipment available. Height safety equipment required in each venue is provided as part of venue hire. Additional rigging equipment is available for hire if required. All rigging must be installed by a licensed rigger. Brisbane Powerhouse can provide a licensed rigger for a fee if required.

Additional staging equipment including soft blacks, rostra and treads are available for hire, a complete list of available equipment is listed in the Hire equipment list available from the BPH web site.

RIGGING

- The gantry crane provides rigging points above the stage area. The crane has a flown truss (see lighting) suspended underneath the main cross members. The crane can traverse the stage area between the lift well and back wall.
 - Any rigging which is to be hung from the crane must be checked by Brisbane Powerhouse riggers.
 - All rigging documentation including load calculations must be provided by the client to Brisbane Powerhouse riggers prior to the bump in day.
 - Due to heritage and load restrictions the Brisbane Powerhouse withholds the right to approve all rigging before installation.

STAGE FLOOR

The Stage is a sprung timber dance floor. The top deck is masonite. The floor has a 750kg per square meter point load.

DIMENSIONS

- Total platform 18m deep x 10m wide (approx.)
- New stage area 8m deep x 7m wide

COMPUTER AIDED DESIGN (CAD) DRAWINGS OF THE VENUE DISPLAYING GRID, STAGE AND LIGHTING LAYOUT ARE AVAILABLE FROM THE VENUE. THESE CAN BE DOWNLOADED FROM THE BPH WEB SITE IN PDF FORMAT IN A3 SIZE. DRAWINGS ARE CREATED IN WYSIWG AND CAN BE EXPORTED TO .DWG AND .DXF. IF YOU REQUIRE PLANS PLEASE CONTACT THE OPERATIONS DEPARTMENT ON (07) 3358 8682 OR YOUR PRODUCTION COORDINATOR FOR FURTHER DETAILS.
