

New York's **MEN** bring their Beats to Brisbane for the First Time  
Brisbane Powerhouse and Consume Management present  
***MEN***

Brooklyn-based political electro-pop band ***MEN***, featuring *Le Tigre's* JD Samson, will be performing at **World Theatre Festival 2012** on **Friday 24 February**.

According to JD this is the first time ***MEN*** will perform in Brisbane, and they're looking forward to hitting the stage during **World Theatre Festival**.

"We have been waiting a long time to come to Australia and play shows. It is going to be a thrill to perform these songs to our fans in Brisbane and incredible to share collective dancing space and this political moment with everyone in the room."

***MEN***'s music tackles issues such as wartime economies, trans awareness, sexual compromise and liberty. They released their debut *Talk About Body* on IAMSOUND records in early 2011 and have completed tours in the US, UK and Europe to support the album's release. The band has also toured the US with *Peaches*, *The Gossip* and more recently Brazil's *CSS* in October 2011.

Brisbane Powerhouse is Brisbane City Council's leading arts performance venue helping to deliver a vibrant and creative city.
