watt's in a name change...

One of Brisbane's top restaurants, watt modern dining, will soon be known as watt restaurant + bar.

Coming into effect on June 1st, the name change is about reflecting 'watt' this much-lauded business really is.

Winner of the 2009 'Restaurant and Caterers' Best Al fresco Restaurant in Brisbane award, watt restaurant + bar is the quintessential riverside venue...

Located on one of the most picturesque reaches of the Brisbane River at New Farm, and housed within the Brisbane Powerhouse Centre for the Arts, watt restaurant + bar is all about enjoying incredible seasonal cuisine, wonderful wines and the stunning relaxed setting.

Comprising of al fresco and indoor spaces, watt restaurant + bar by day reflects the tranquil nature of the river. It then transcends to a sophisticated evening scene when the sun goes down.

Watt restaurant + bar's open-air Park Lounge is a funky, urban space perfect for cocktail parties, drinks and light meals. Enjoy a coffee, champagne or cocktails as you relax on the cushioned day beds soaking up the beautiful setting.

Diners have a choice of indoor or outdoor seating for breakfast, lunch and dinner served on the riverside decking, in the restaurant or the secluded private dining area.

Whether it's for a weekend breakfast, a long lunch or romantic dinner, watt restaurant + bar is always amazing. And events, from board meetings to weddings, are sensational. The name may be changing, but we're still one of Brisbane's best.

NEWSFLASH- Every 'Sundae' afternoon at watt restaurant + bar from 3pm, hear the freshest tunes delivered by a handpicked selection of Brisbane's best DJ's
